🎯 Nifty Open Interest Analysis

- » Nifty faces strong resistance, with the highest **Call OI** concentrated at **24,950 CE** (approx. 190 L), followed by significant build-up at **24,750 CE** (approx. 165 L) and **25,050 CE** (approx. 140 L).
- » Immediate support for Nifty is evident around the **24,550 PE** strike, which holds the highest **Put OI** (approx. 125 L), with additional support visible at **24,600 PE** (approx. 90 L) and **24,650 PE** (approx. 90 L).
- » The overall sentiment appears bearish as **Total Call OI (2,675.17 L)** is substantially higher than **Total Put OI (1,652.37 L)**, suggesting a prevailing view of limited upside and potential downward pressure.

🎯 NIFTY50 PCR Data

- » Current PCR is **0.71** with Total Put OI at **3,361,126** and Total Call OI at **4,713,892**.
- » The **0.71** overall PCR indicates **bearish** sentiment, while the intraday chart shows NIFTY50's **significant fall**, accompanied by the intraday PCR **declining from its morning peak**.

NIFTY50 Heatmap

Heatmap Analysis

- » The overall market sentiment is **mixed**, characterized by significant declines in several large-cap stocks alongside notable gains in others, indicating a lack of clear directional consensus.
- » The **Financial Services** sector exhibits strong performance, with key stocks like **SBIN** (+1.61%) and **BAJAJFINSV** (+1.07%) leading the gains, showcasing resilience despite some other banking heavyweights being down.
- » The **Auto** sector appears to be the worst performing, heavily impacted by **MARUTI**'s significant decline of -1.85%, and other major auto players like **EICHERMOT** (-0.88%) and **HEROMOTOCO** (-0.52%) also registering losses.
- » Among specific heavyweight stocks, **RELIANCE** (-0.35%) and **ICICIBANK** (-0.85%) experienced losses, while **HDFCBANK** showed a moderate gain of +0.56%, contributing to a mixed impact from these bellwether companies.
- » The **IT sector** generally shows a negative trend, with major players like **INFY** (-0.49%), **HCLTECH** (-0.57%), and **TCS** (-0.10%) all in the red, suggesting broader bearish sentiment in technology stocks.
- » Within the **Energy** sector, while **RELIANCE** posted a minor loss, other energy-related stocks like **NTPC** (+0.90%) and **ONGC** (+0.82%) recorded positive gains, suggesting a somewhat mixed yet partially positive outlook for the energy segment.
- » Notable outlier stocks include **WIPRO** (+1.65%), which performed strongly against the negative trend of the **IT sector**, and **M&M** (+0.64%), showing a positive movement amidst a predominantly red **Auto sector**.
- » The NIFTY50 heatmap reflects a **divergent market**, where strong performances in select **Financial Services** and **Metals** stocks are offset by losses in **Auto**, **IT**, and some other major heavyweights, preventing a clear overall directional trend.
